## Battle Against Blindness

Spread the Light of Vision show the world that you care!

Mr. S. Alagri, Deputy General Manager, Resource Mobilization Department

Sankara Nethralaya, 18, College Road, Chennai - 600 006.

Email: [alagri@snmail.org](mailto:alagri@snmail.org), [donation@snmail.org](mailto:donation@snmail.org) / Tel: 91-44-28202448 / [www.sankaranethralaya.org](http://www.sankaranethralaya.org)

We take great pleasure in sharing that Sankara Nethralaya your favourite eye care institution, which you have patronised and supported financially and emotionally is beginning its journey towards a new milestone, we are making an auspicious beginning to a long term plan in our cost free, community eye care endeavour, an ambitious plan to build and operate a large, well equipped and manned eye care institution, which would be dedicated exclusively to providing cost free community eye care to poor patients from all over India. It is a giant step for an eye care institution started on the pillar of 'Service to Mankind' by dispensing world class eye care with love and a personal touch.

We make every beginning in our march against blindness with the confidence and hope that 'YOU' will make it happen and we have been overwhelmed with your support, which has always exceeded our expectations..

Today we seek your support and blessings for an exclusive community eye care facility that would be the crowning jewel in our cost free eye care endeavours. No donation is too small and every single rupee that you donate would help us in building this monument of compassion and service which would make the difference between hope and despair, darkness and light to a visually impaired child, man or woman suffering in silence.

Corporate houses and large donors can enshrine their name/organization's name on a particular facility in this monument of service, with their contributions.

Please see details alongside
